

# Non-Stop Winch Conversion For EZ Scaffold Systems

**The Last Winch You'll Ever Buy. Guaranteed.  
Put The Power of Our Famous BEAST Winch On Your EZ.**

- **Lifetime warranty.** If it ever breaks, we'll replace it free! Why buy new winches every couple of years?
- **Twice the lifting power** of original EZ. Requires less than half the effort to crank!
- At only 88 pounds, including the adapter, it weighs **121 pounds less** than an original EZ winch!
- Installation requires only a socket wrench and two minutes of your time! Install the winch with one man instead of three!
- **Galvanized** aircraft cable is stronger, and impervious to cleaning solutions and corrosion. Original EZ factory cable is not (does not meet OSHA 1926.451(f)(11)).
- Meets all OSHA and ANSI standards.

**Winch, Cable, and Pulley (rigged and ready)  
Adapter  
(plus freight)**

**\$410.00  
\$65.00**

**Non-Stop  
SCAFFOLDING**
